

Events Plan & Marketing Brochure 2024

Please Join us to Celebrate the 20th Anniversary of
CitiesAlive!
November 6-9: Toronto, ON

About Green Roofs for Healthy Cities (GRHC)

GRHC is celebrating 20 years of its flagship **CitiesAlive** Conference in Toronto, November 6-9, 2024. This is the event that launched the industry in Chicago over 20 years ago, pulling together manufacturers, designers, researchers, installers and policy makers to develop the industry. GRHC's mission is to increase awareness of the economic, social and environmental benefits of green roofs, green walls, and other forms of living architecture. These goals are achieved through a combination of education, advocacy, professional development, and celebrations of excellence. GRHC's many events have been instrumental in connecting manufacturers and suppliers with design professionals and disseminating knowledge of best practices and trends through various programs and projects. www.greenroofs.org

About Green Infrastructure Foundation (GIF)

GIF was founded in 2007 to respond to the need for greater awareness and resources to promote the design, installation, and maintenance of green infrastructure in local communities. GIF administers the Living Architecture Performance Tool certification program and organizes Green Infrastructure Charrettes in various communities. GIF is a tax-exempt, charitable 501(c)(3) organization. www.greeninfrastructurefoundation.org

CITIESALIVE

GREEN ROOF & WALL CONFERENCE
20TH ANNIVERSARY IN TORONTO

About CitiesAlive Toronto - November 6-9, 2024

CitiesAlive 2024 is celebrating its twentieth anniversary in 2024, promising to be an exceptional experience! This multi-disciplinary conference will be held in the vibrant city of Toronto, spotlighting pioneering green roof designs, groundbreaking policies, and groundbreaking products and services within the green infrastructure industry.

CitiesAlive offers plenty of opportunities for participants to connect and interact with experts and design professionals in the field. The event serves as a unique platform to foster Business-to-Business and Business-to-Consumer transactions, networking. Our tailored programming is geared toward engaging architects, landscape architects, and other design professionals, specifiers, researchers, policymakers, and students who represent the future.

Toronto at a Glance

- Toronto is the largest city in Canada, and the 4th largest in North America
- The Greater Toronto Area (GTA) has a population of approximately 6,300,000
- The GTA has an annual population growth rate of ~60,000 people
- 18% of Toronto's surface area is dedicated to parks
- As of 2009, Toronto was the first city in North America to implement a bylaw requiring green roofs on new construction
- Toronto has installed approximately 10 million sq. ft. of green roofs
- Toronto has over 10 million trees
- Toronto has 160 skyscrapers with 112 currently under construction
- Citizens represent over 200 distinct ethnic origins
- Average Toronto temperature in November is around 50 degrees Fahrenheit, with little to no snowfall

Agenda at a Glance

Wednesday Nov. 6

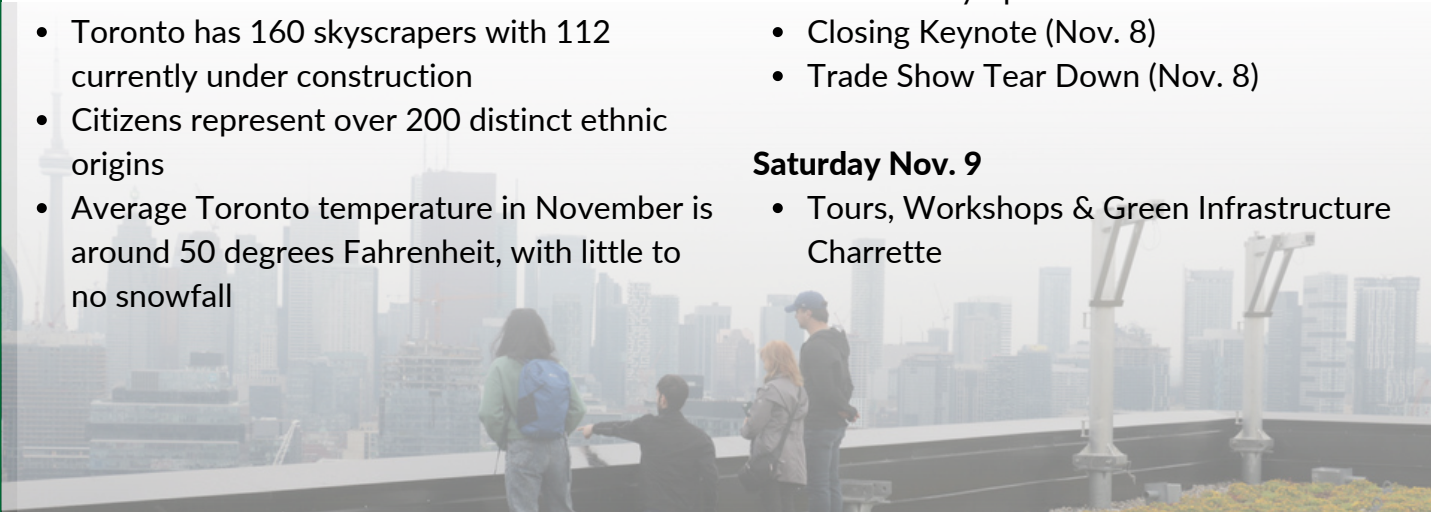

- GRIMP & GRP Training Sessions
- Biophilic Design / Biodiversity Workshops
- Opening Keynote Address
- Trade Show Set Up

Thursday Nov. 7 - Friday Nov. 8th

- Morning Keynote Address
- Trade Show & Lunch on Trade Show Floor
- Expert Presentations & Panels
- Cocktail Reception on Trade Show Floor (Nov. 7)

About the Grey to Green Conference

The 2024 Regional Grey to Green Conferences are one-day events held in two of the leading green roof cities in North America - Portland and Chicago. At Grey to Green we will be exploring why these cities are leaders in green roof construction, and what needs to happen to maintain their leadership status. Our goal is to help inform the current policy debate by highlighting these cities, and showing policymakers across the continent that green roofs are necessary and beneficial.

Grey to Green is presented by Green Roofs for Healthy Cities and attracts approximately 100 attendees per event. The conferences will also feature a Green Roof Installation and Maintenance Professional Training Session, and tours of local projects in each city and networking opportunities.

Grey to Green Conference

Plenary Session & Trade Show

- Trade show located around the perimeter of the plenary session
- Full day plenary session with approximately twelve, thirty minute speaking slots available
- Featuring regionally specific topics and speakers
- Ideal for landscape architects, architects, policymakers, and contractors

Grey to Green Offsite Programming

Networking, Training & Tours

- Green Roof Installation and Maintenance Professional Certification - Hands On Training off site
- Tours provided by local green roof companies
- Networking and Happy Hour events, on and off site

Why Market at a Grey to Green Event?

Grey to Green conferences offer you a unique set of marketing and promotional opportunities to a specialized audience. Marketing at Grey to Green events can help you to build strategic partnerships in new markets, create new relationships, build brand visibility, and contribute to our mission of advancing supportive policies. See various marketing levels and associated benefits in the table below.

Marketing Tier	Benefits
Title Partner \$10,000 USD	<ul style="list-style-type: none"> Promotion as Title Partner of Event <ul style="list-style-type: none"> Ex/ The (company name) Grey to Green Conference All Benefits from Gold Package 2 Total Complimentary Online GRP Training Passes

Logo Exposure Value from Grey to Green Marketing ranges between \$5000 - \$16,400, based on an average of 200,000 impressions

2024 Virtual Symposia

Spending an Afternoon to Learn From Experts Online

Solar + Green Roof Integration

February 15 | Completed!

We should not have to make a choice between green roofs or solar panels. This webinar will focus on explaining the synergies created when combining solar with green roofs. Join us in this online symposium as industry experts use case studies to showcase the beneficial relationship between solar and green roofs, and how your project can be designed to include both.

Innovative Product Profiles

March 14 | Completed!

In 2024, we will be launching the Innovative Product Profile Session for Members who wish to showcase new developments. Attendees will learn about cutting edge products and services, and how they can be used in future project designs. This symposium is tailored specifically for Design Professionals to learn more about the various components of green roof and wall systems. Featuring shorter, 15 minute technical presentations, this virtual symposium will serve as an online trade show.

Urban Agriculture & Rooftop Farming

May 14 | 1:00 - 4:00 PM EST

Part of enhancing sustainability means designing for biodiversity. Explore innovative designs, landscaping strategies, and conservation efforts that contribute to a greener and more biodiverse future. Don't miss this opportunity to learn from thought leaders shaping the urban ecosystems of tomorrow.

High Performance Integrated Stormwater Management Projects

July 18 | 1:00 - 4:00 PM EST

Discover different approaches that maximize sustainability while effectively managing stormwater on green roofs. Dive into successful case studies, innovative techniques, and the business case for stormwater retention and detention on green roofs.

Monitoring and Internet of Nature

August 15 | 1:00 - 4:00 PM EST

Join leading experts as they delve into the fascinating world of technology and its impact on the natural world. Explore how innovative sensors and data analysis are revolutionizing our understanding of ecosystems, wildlife, and conservation efforts. This event promises to enlighten, showcasing the incredible synergy between technology and nature.

Designing for Biodiversity

September 19 | 1:00 - 4:00 PM EST

Biodiverse green roofs have an ecological focus and are intentionally designed to provide habitat for a range of organisms. Join us to learn from a variety of North American designers to learn how to design and maintain green roofs with biodiversity as the goal.

Symposia Agenda at a Glance

1:00 PM - 4:00 PM EST

- 1:00 PM | Opening Remarks
- 1:15 PM | 1st Speaker Presentation
- 1:45 PM | 2nd Speaker Presentation
- 2:15 PM | Break / Sponsorship Recognition
- 2:45 PM | 3rd Speaker Presentation
- 3:15 PM | Panel Discussion Q&A
- 3:50 PM | Closing Remarks

Why Sponsor a Virtual Symposium?

Lead Generation - Sponsors receive full contact information for each attendee

Thought Leadership - Associate your company with compelling and upcoming industry trends

Minimal Resources Required - We prepare and handle everything so you can focus on creating rich content for a specialized audience

Green Roof Installation and Maintenance Professional (GRIMP) Training

In 2023, GRHC conducted four successful hands on training courses across North America in partnership with Ginkgo Sustainability, Recover Green Roofs, New York Green Roofs and RCABC. We trained over 50 people in green roof installation and maintenance principles. Join GRHC in 2024 in Toronto and other locations and become a GRIMP. The GRIMP Training involves a combination of hands-on and presentation style training that introduces the basic skills and knowledge required to install green roofs and maintain them. This training covers a variety of green roof systems providing green roof installers and maintenance professionals with the information, techniques, and training necessary to successfully install and maintain basic extensive green roofs.

A successful GRIMP class finishing training in Vancouver, November 2023.

Included with Registration:

- Combination hands-on and online learning
- Digital Resource Manual
- Installation and maintenance best practices
- Learn critical green roof job skills
- Gain direct practical experience
- 2.5 hours of online instruction focused on maintenance
- One hour multiple choice online exam

Dates for Training:

- Chicago (Grey to Green) | Jun. 6
- Cascadia (Grey to Green) | Jul. 25
- Toronto (CitiesAlive) | Nov. 6
- New York City | TBD
- Boston | TBD
- Vancouver | TBD
